*Our mission is to be a trusted, collaborative partner that supports families and individuals in Wilmette, Glenview, Northbrook, and Kenilworth by providing high quality, affordable counseling services, crisis response, and outreach efforts to keep children, families, and students in our communities safe.*

## Dear Friends,

With your support Family Service Center (FSC) has completed another year of mission-driven work in the communities we serve.

FSC believes that mental health is as important as physical health. Our dedicated staff of fourteen experienced clinicians supports mental health care that is accessible and affordable. Last year 70% of our 532 clients qualified for reduced fees for counseling services based on their ability to pay.

This report shares with you the important impact and strides FSC has made during our 2018 fiscal year. Importantly, we built our capacity to serve by strengthening our focus on strategic partnerships, outreach education, and fundraising.

Our goal is to be a mental health safety net in your community. We could not do this work without you. Thank you for your continued commitment to mental health!

With gratitude,

Renee Z. Dominguez, Ph.D.  
Executive Director

Tom Forrester  
President, Board of Directors

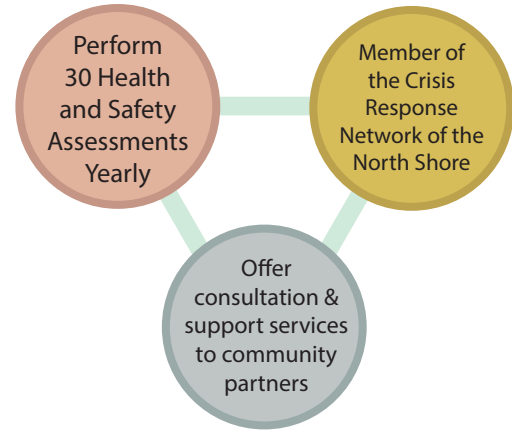

# WELCOME TO FAMILY SERVICE CENTER

Making a difference for individuals and families
