Dear Friends,

Together we have faced unprecedented challenges this year, and with your support, FSC stood ready to respond to them. FSC continued to provide essential counseling, crisis response, and educational programming in our community, while also forging new relationships and stronger partnerships. Together, we have worked to evaluate community needs, consider innovative interventions, and deliver new programming.

The COVID-19 global pandemic and its consequences have created significant difficulties and uncertainties for many individuals, and has had far-reaching implications for emotional health. Rates of anxiety, depression, and substance use are increasing at unprecedented rates. In response, FSC has continued to provide high-quality services by transitioning to a virtual service delivery model. FSC relies on invaluable support from community partners, sponsors, dedicated donors, and volunteers to deliver these critical services to our community.

As we look toward fiscal year 2021, FSC continues to strive toward strengthening collaborations and developing programs to positively impact our community. Our revised Vision, Mission, and Belief statements reflect this important goal. We know that we are stronger together! Thank you for joining us in our efforts to support emotional and mental well-being.

With gratitude,

Renee Z. Dominguez, Ph.D.
