For more than 110 years, FSC has evolved with our community—anticipating need and delivering flexible, evidence-based mental health care.

We stabilize families in crisis while investing upstream in prevention and education that builds resilience. By meeting people where they are—through schools, municipalities, and trusted partnerships—we expand access, reduce stigma, and strengthen community wellbeing.

When you sponsor FSC, you invest in a responsive, community-embedded mental health agency built for both immediate stability and long-term resilience.

### FAMILY SERVICE CENTER: HEALING TODAY. RESILIENCE FOR TOMORROW. ROOTED IN COMMUNITY.
